—Vice President of Public Relations
Hasbro

"It was an absolutely perfect event last night! Fantastic crowd, food, look and feel, the works. Literally, we couldn't have done anything to make it better. Thank you all so much for the hard work that went into this. I can honestly say it was the best spirits tasting event we've ever pulled off—which is particularly impressive given the tight timing."

—Senior Marketing Manager
Diageo

"I am pleased to recommend Hunter PR as an ideal agency for consumer public relations activities. In my nearly 25 years of public relations, I have never worked with an agency that is as creative as Hunter PR. On numerous occasions we have invited other agencies to 3M to demonstrate their skills and results. In almost every instance, Hunter PR is the final choice. We can count on their creativity, media relations skills and strategic thinking to help 3M brand managers meet their business objectives."

WHAT MAKES US SUCCESSFUL

Kraft Foods

STRATEGIC CREATIVITY

All Hunter PR account staff are trained and experienced in the latest creativity techniques, such as lateral thinking, six thinking hats and improvisation. Account staff have led discussions on creativity at trade association conferences and meetings, as well as facilitated client brainstorms on topics from marketing initiatives to new product development.

MEDIA RELATIONS EXPERTISE

Hunter PR has an exceptionally strong media team which assists the agency’s account staff in pitching high-profile social and traditional media outlets. Our extensive media placement record includes the biggest and most influential outlets—all of the network news programs and many of the country’s most influential blogs—as well as countless placements in popular national entertainment and lifestyle outlets.

COMPETITIVE RATES

Overall, Hunter PR’s hourly billing rates are toward the low end of the industry averages. In the case of more experienced account staff (account supervisors and higher), Hunter PR’s billing rates are well below industry averages. These low rates allow senior-level practitioners to spend more time servicing our clients.
